Topinambur juice concentrate BIO

Helianthus tuberosus (Jerusalem Artichoke)

Type Inulin

Naturally high **inulin content** (=soluble fiber) of about 40 %

Fiber **inulin** is available in dissolved form

Fully **water soluble**

Recommended intake: up to 10 g daily for an adult

Application examples

Food supplement and dieting aid

Cereal flakes, muesli mixtures and bars

Positive characteristics when drying on cereal flakes

Bread spread

Pure

Fiber and mineral supplier in marmalade, fruit and vegetable spread

Dairy products and juices

Fiber and nutrient rich admixture or as flavor for yoghurt

Enhancement of diversity in fruit and vegetable juices, e.g. with apple or sea buckthorn

Natural sweetness without added sugar

Animal & pet food

Feed ingredient: qualitative enhancement by prebiotic and components

From the pressed juice of the tuber we produce a golden-yellowish juice concentrate of approx. 70° Brix. It is fully water soluble. All soluble components of the tuber are contained largely unaltered, in particular the inulin acting like a dietary fiber.

Taste: peculiar to race, fruity, malty

Color: golden-yellowish

Packaging: Disposable container à 25 kg net

Minimum shelf life: 12 months at -18 ° C in unopened original container

Own agricultural cultivation

DE-ÖKO-039 German Agriculture
